

This week in year 4, we discovered that Samba comes from Brazil and is played every year and Carnival in Rio. We learned that the surdo drum is like a heartbeat and keeps the music alive. We also found out about improvisation and everyone got a chance to improvise a call and response.

Year 6 students have been busy this week preparing for their summer production and playing ukulele. We learned how to play a C and an F chord and played along to 'One Man Went to Mow'. Some students earned team points by performing solos.
