

Year 1 Summer 1 Science- Seasonal changes-Spring and Summer

Key Facts

1. In the UK, there are four seasons each year. They are autumn, winter, spring and summer.
2. In spring, the weather starts to get warmer. Leaves begin to grow, and some trees may blossom (grow flowers).
3. In summer, the weather gets hotter. Days in summer have the most daylight hours.
4. Daylight is when it is light outside. The amount of daylight changes with each season.

Scientific Skills

- Ask questions in science lessons
- Observe
- Collect information.

Key Vocabulary

- seasons
- spring
- summer
- temperature
- weather
- daylight
