REMOTE LEARNING POLICY

1. Aims

This remote learning policy for staff aims to:

- Ensure consistency of approach to remote learning for pupils who are not in school;
 - Set out expectations for all members of the school community with regards to remote learning; ➤
- Provide appropriate guidelines for data protection.

2. Roles and responsibilities

2.1 Teachers

When providing remote learning, class teachers must be available between 9am and 3pm. If they are unable to work for any reason during this time, for example due to sickness or caring for a dependent, they should report this using the normal procedures on the designated absence number. If their absence affects the completion of any work required, they must ensure that arrangements have been made with year group partners or the SLT to ensure that work is completed.

Teachers are responsible for:

- Creating a weekly timetable of work for their year group in liaison with year group partners. This must include subjects from across the curriculum;
- Setting differentiated work for pupils using Google Classroom and any other digital platforms used by the school for the purposes of remote learning;
- Ensuring that weekly timetables are uploaded on Google Classroom and shared with the Assistant Head Teachers for each phase;
- Working as a year group team to ensure class work is planned and ready on time;
- Providing feedback on pupils' work via Google Classroom or class emails;
- Responding to any parent emails (related to pupils' work) within 48 hours;
- Keeping in touch with pupils and parents via Google Classroom and Class emails. Emails received in the year group email from parents and pupils are to be checked between 9am and 3pm, Monday to Friday. Emails must be replied to within 48hrs. Replies should be sent only between these times;

- Providing home learning in hard copy for pupils who do not have access to digital devices, or where access to them is inappropriate as a result of SEND or additional needs.

2.2 Teaching Assistants

Teaching assistants must be available between 9am – 3pm, Monday to Friday. During this time they are expected to check work emails and be available when called upon to attend school. If they are unable to work for any reason during this time, for example due to sickness or caring for a dependent, they should report this using the normal absence procedures. Teaching assistants are responsible for:

- Supporting pupils with learning remotely when requested by the SENDCo or a member of the SLT;

4.1 Accessing personal data

When accessing personal data, all staff members will:

- Have access to CPOMS to record any parent contact or concerns about children; this is accessed via a secure password. Ensure they log out after use and do not allow access to the site by any third party;
- Access parent contact details via Scholar Pack using a secure password (teaching staff only). They will not share any details with third parties and will ensure Scholar Pack is logged off after each use;
- Use school laptops and iPads when accessing any personal information about pupils.

4.2 Sharing personal data

Staff members may need to collect and/or share personal data such as emails or phone numbers as part of the remote learning system. Such collection of personal data applies to our functions as a school and does not require explicit permissions. While this may be necessary, staff are reminded to collect and/or share as little personal data as possible online.

4.3 Keeping devices secure

All staff members will take appropriate steps to ensure their devices remain secure. This includes, but is not limited to:

- Keeping the device password-protected – strong passwords are at least 8 characters, with a combination of upper and lower-case letters, numbers and special characters (e.g. asterisk or currency symbol);
- Ensuring the hard drive is encrypted – this means if the device is lost or stolen, no one can access the files stored on the hard drive by attaching it to a new device;
- Making sure the device locks if left inactive for a period of time;
- Not sharing the device among family or friends;
- Keeping operating systems up to date – always installing the latest updates.
